

Stands ACCIONA Energy and Windpower

Various locations

Since 2006, ACCIONA Producciones y Diseño has carried out the design, production, mounting and dismantling of the stands for ACCIONA Energy and ACCIONA Windpower in various fairs all over the world: Windpower Fair Egetica of Saragossa, EWEA of Barcelona, Egética of Valencia, WFES of Abu Dhabi, ICCI Istanbul, EWEA Copenhagen, Windpower Brazil, PWEA Poland, Renewable UK Manchester, Wind Solar Power Chile, Green Solutions Mexico, or Windaba South Africa.

APD's proposals always stand out for their creativity and originality, while at the same time effectively transmit the corporate messages of the client in a perfect balance between design and content, leaving clear ACCIONA's leadership as a model for sustainable energy, with its eight renewable technologies present in the five continents.
